Gender Male | Date of birth 12 July 1979 | Nationality Italian

## WORK EXPERIENCE

Sep 2020 – Present

## Research Fellow

ENEA TERIN-ICT, Rome, Italy

Main activities ENEA mongoDB cluster deployment (with Ansible) & administration. Management and testing of the ENEA Ceph cluster. Support for data related tasks in different projects.

- Projects
- M.I.A. Fashion (<https://ict.enea.it/mia/>). Models and Solutions for Artificial Intelligence in the Luxury Fashion sector.
  - T-winning (<https://ict.enea.it/t-winning/>). Creation and prototyping of new collections and products for the Tod's Company through the development of modern processing technologies.
  - RAFAEL (<https://www.progetto-rafael.it/>). System for forecasting and managing risk on critical infrastructures in Southern Italy.
  - Mission Innovation (<http://mission-innovation.net/>). Catalysing a decade of action and investment in research, development and demonstration to make clean energy affordable, attractive and accessible for all.
  - OpenIACS (<https://open-iacs.eu/>). Open LOD platform based on HPC capabilities for Integrated Administration and Control System of Common Agrarian Policy.

Nov 2019 – Jun 2020

## ICT consultant

Sys-Man S.r.l. for ENEA DTE-ICT, Rome, Italy

Main activities Develop advanced services integration for 3D visualization in the ECODIGIT ecosystem.

- Projects
- ECODIGIT (<http://ecodigit.dtclazio.it/>). Proof of concept of middleware component for a digital ecosystem for cultural heritage. Containerized PoC development.
  - ARCH (<https://savingculturalheritage.eu/>). Preserve areas of cultural heritage from hazards and risks.
  - IKAROS, Flying Dream (<https://ict.enea.it/ikaros/>). Experimental Electronic Aero-nautic Yard.

Jan 2019 – Oct 2019

## ICT consultant

Evodevo S.r.l. for ENEA DTE-ICT, Rome, Italy

Main activities Survey on NoSQL technologies. Deploy and test experimental mongoDB cluster.

Sep 2016 – Jan 2017

## Independent contractor

University of Rome "La Sapienza", Department of Mechanical and Aerospace Engineering, Rome, Italy

Main activities Bubbles cavitation's chamber design.

- Projects
- BIC (<https://cordis.europa.eu/project/id/339446>). Cavitation across scales: following Bubbles from Inception to Collapse.

Jan 2013 – Dec 2015

## Fellowship

- CNR-INM Institute of Marine Engineering (ex CNR-INSEAN), Rome, Italy
- Main activities Evaluation and definition of EEDI (Energy Efficiency Design Index) for Ro-Ro cargo ships: form factor, scale effect, correlation between towing tank tests on scaled models with real ships, uncertainty analysis.
- Projects – RITMARE (<http://www.ritmare.it/>). Support integrated policies to safeguard the marine environment, allow a sustainable exploitation of its resources, launch a strategy of prevention and mitigation of natural impacts.

## Oct 2015 – Present Researcher / Independent Consultant

- University of Rome “La Sapienza”, Departments of Sciences and Medical and Surgical Biotechnologies and Department of Molecular Medicine
- Main activities Data processing and analysis of recorded radio-isotopic irradiation on a LuYAP:Ce array of crystal pixels

## Oct 2009 – Jul 2011 Internship

- TakeAir S.r.l., Viale delle Milizie 114 00192 Rome, Italy
- Main activities Air quality forecasting system, build-up of the geo-referenced emissions database. Linux sysadmin assistant.

## EDUCATION AND TRAINING

### 2012 Master degree in Physics

- University of Rome “La Sapienza”, Italy
- Supervisors Prof. Franco Meddi and Eng. Marialuisa Mongelli
- Title *Validation of numerical models using seismic monitoring remotely of structural elements for conservation of cultural heritage.*
- Description This work aims to build up a survey methodology that integrates a fem model (finite element method) with seismic tests on shake table. The methodology employs measures of displacements of a scaled structure to improve the related fem model over a HPC infrastructure that allows to make remote the entire process

## PERSONAL SKILLS

Mother tongue Italian

Other languages

UNDERSTANDING		SPEAKING		WRITING
Listening	Reading	Spoken interaction	Spoken production	
B2	C2	B2	B2	C1

Levels: A1 and A2: Basic user – B1 and B2: Independent user – C1 and C2: Proficient user  
[Common European Framework of Reference for Languages](#)

Digital competences

SELF-ASSESSMENT				
Information Processing	Communication	Content creation	Safety	Problem solving
Proficient user	Proficient user	Proficient user	Proficient user	Proficient user

[Digital competences - Self-assessment grid](#)

- Computer skills**
- GNU/Linux Centos, Debian, Ubuntu, Arch
  - HTML, CSS, PHP
  - Apache HTTP, Nginx
  - Docker, Docker-compose, Podman
  - mongoDB, sqlite, Virtuoso
  - SSH, Bash scripting
  - Git, Vagrant, Ansible
  - Python (Numpy, Pandas, Matplotlib, Seaborn, Jupyter notebook), Matlab/Octave
  - L<sup>A</sup>T<sub>E</sub>X, Markdown, Org-mode, Yaml
